Best Bets = Bold + Underline

To see the best bets and long shots for the day, you will need to purchase the list for \$7. You'll have immediate access to the PDF file after your transaction.

These are the exact horses I'll be playing today. If the odds are to my liking, I'll make a tiered WPS wager. I'll also be playing the cold DAILY DOUBLES and PICK 3s.

Additionally, this PDF file includes 11 first time starters on the grass with proven turf pedigree, and many of them are long shots!
